# PROGRAM SCHEDULE

**FRIDAY 6 SEPTEMBER 2013, 9:30 AM - 4:00 PM**

**PROGRAM**

In this workshop, teachers will learn a number of ways to use iPad in their lessons. In the morning session, three apps that are especially useful for increasing students’ spoken Chinese, **Google Drive**, **Toontastic** and **Explain Everything**, will be presented. Teachers will explore these, working in groups to create speaking activities for their own students. Time permitting, additional story-telling apps, such as **ShowMe** and **CrazyTalk**, will also be introduced.

In the afternoon session, the focus will be on using the iPad to facilitate social learning. Teachers will first practice using the app and blog, **WordPress**, to engage in real-time conversations with other teachers. They will then explore ways to integrate social learning into writing and cultural learning activities in class. For example, teachers will practice how to combine **Comic Life** and **WordPress** in designing writing activities that will motivate students to write in Chinese and share their writings with others. Finally, a virtual badge collection game will be conducted, showing the benefits of using iPad games in Chinese learning.

In this **ICT** course, teachers will be exploring how to use iPad effectively in their teaching. In the course, **Jeremy Chen** will discuss how to use three iPad applications, **Google Drive**, **Toontastic**, and **Explain Everything**, to improve students’ spoken Chinese. Teachers will then practice using these applications to create speaking activities for their students. Time permitting, additional apps, such as **ShowMe** and **CrazyTalk**, will also be introduced.
