* Where two subjects are running on the same day, the strong likelihood is they will clash. For details of scheduled times, please refer to the timetables shown in the subject entries in the online Handbook (<https://handbook.unimelb.edu.au/view/2017/960ac>).

* Please note that this chart does not include all specialist Med subjects – details for other subjects (such as those in the TESOL/Modern Languages and Student Wellbeing courses) can be viewed through the online Handbook (<https://handbok.unimelb.edu.au>).

*The running of subjects is dependent on enrolments – please be aware that subjects will be cancelled where there are too few enrolments for viability. These scheduling details were correct at the time of publication, but may be subject to change as required.

* EDUC90057 Education Research Project comprises the compulsory (AQF) Capstone experience for the MEd. Drawing on theory, knowledge and skills developed throughout the Master of Education, students will complete ONE of the above projects. The Capstone comes at the end of the MEd, after completion of EDUC90619 Leading Educational Ideas and EDUC90620 Reading Educational Research. Last updated: 28/3/17
