Welcome to the timetable allocation period for the second half of 2020. While it’s possible that classes in the second half year period will commence online, given the transition to the virtual campus necessitated by the COVID-19 situation, you are still required to create a timetable for all your enrolled subjects with scheduled classes.

Please ensure you are fully enrolled and read the following advice about the timetabling process and timeline for 2nd Year MTeach (EC&P) subjects in the second half of 2020.

(Note that timetable allocation is a separate process to enrolment. Please contact Stop1 if you have any difficulty enrolling into subjects).

MTEACH TIMETABLE ALLOCATION GUIDELINES

1. All 2nd Year MTeach (EC&P) candidates must have a clash-free, complete timetable by 12pm on Friday 17th July, prior to the commencement of classes.
2. Students must check their University email regularly, as this is the main form of course- and subject-specific timetabling communication. Essential news and updates will be reported through email.
3. Priority timetabling is offered to students with documented ongoing religious/medical/childcare arrangements in place, and timely applications are actioned where possible.
4. Work or other commitments are NOT grounds for priority timetabling – please do not contact Teaching Support with these requests. It is expected students will have availability to attend any classes.
5. Students with queries about or requiring help with timetabling can contact Education Teaching Support at mgse-teachingsupport@unimelb.edu.au.
6. Students should NOT approach teaching staff members with timetabling queries/requests.

Timetabling Process and Schedule

In the second half of 2020, the MTeach (EC&P) preference entry period will commence from Monday 25th May, as per the chart below. Please note that preferences need to be entered by the end of Tuesday 30th June to be included in the sort.

NB: The recommended browsers for MyTimetable are Chrome, Edge, Firefox and Safari – note that Explorer is not compatible with this system.
2nd Year MTeach (EC&P) Subjects for Preference Entry

In the second half of 2020, all 2nd-year MTeach (EC&P) teacher candidates will need to enter preferences for classes in the following subjects:

- EDUC91019 Education Research Project (EC&P) [JUL intensive] – 8 Lectures (L01 – L08) and 8 Seminars (S01 – S08)*
- EDUC90876 Mathematics for the Primary Years [JUL] – 2 streamed Workshops (W01 and W02)**
- EDUC91003 Inquiry Learning in the Humanities (EC&P) [JUL] – 1 Lecture (L01), 1 Tutorial (T01)
- EDUC90977 Diverse and Inclusive Classrooms [AUG] – 1 Lecture (L01), 1 streamed Seminar & Tutorial (S01 & T01)***
- EDUC91018 Learning from Evidence [JUL] – 1 Seminar (S01)

* Classes for EDUC91019 are run concurrently, so you are not required to enter preferences for this subject.

** The workshops for EDUC90876 are streamed, so you will need to register for a pair of two workshops, rather than two individual workshops.

*** The seminars and tutorials for EDUC90977 are also streamed, so you will need to register for a pair of these classes. Tutorial 1 is a 1 hour seminar for those weeks when the lecture will run, and Seminar 1 is a 2 hour seminar for those weeks when the lecture won’t run. This will ensure the same time commitment for this subject each week. While the two classes appear to clash in your timetable, they actually don’t as they will run on different weeks.

**IMPORTANT NOTE:** The 2nd Year EC&P course structure also includes placement subjects EDUC90987 CTP (EC&P) 4 and EDUC90988 CTP (EC&P) 5. Please refer to the LMS and communications from the teaching team for further details about second half year placement arrangements, given COVID-19 adjustments.

Priority Timetabling Requests

Where possible we provide a priority timetabling service for candidates with documented ongoing medical, religious or childcare grounds that impact availability through the week. Note that these are the only grounds on which we are permitted to priority timetable students into preferred classes.

Eligible candidates can apply for priority timetabling at mgse-teachingsupport@unimelb.edu.au by Tuesday 30th June – prior to the sort – with the following:

- Student ID
- Documentation showing eligibility for priority timetabling on medical, religious or childcare grounds (this might include a letter from a healthcare professional, religious leader or school/childcare centre, or a birth certificate showing you to be the parent of a dependent child)
- Details of preferred class times

A reminder that priority timetabling requests on work, sporting, travel or similar personal grounds can NOT be considered – we ask that you please not contact us with these requests.

Timetabling Support

Further details about MyTimetable are available online at https://students.unimelb.edu.au/class-timetable.

For any queries specific to MTeach timetabling or to apply for priority timetabling, please don’t hesitate to contact us at: mgse-teachingsupport@unimelb.edu.au.
